Cable Shears

- Cable shears with adjustable telescopic handles allowing angular positioning
- cable shears for two-hand operation for cutting copper and aluminium cables, single and multiple wire
- cutting capacity: max. 38mm dia. (e.g. 4x70 mm² NYY)
- not suitable for steel wire, hard-drawn copper conductors or wire rope!
- optimised blade design for an easy, clean and smooth cut without crushing the cable
- replaceable cutting head; available as spare part
- adjustable bolted joint, self-retaining screw
- very short, compact design due to telescopic handles
- handle length with multiple position adjustment from 400 - 610 mm (short transport length, individual adaptation to working conditions)
- tool length: 570 - 770 mm
- weight only 1980 g
- multi-position adjustable angular positioning joint, for an optimisation of the efficient lever arm, for work in confined areas and individual handle adjustment
- with guard
- handles: high-strength oval aluminium tubing
- cutting head: special quality high-grade tool steel, oil-hardened

Allgemein

Article No.	95 32 038
EAN	4003773071556
Head	burnished
Handles	with multi-component grips
weight	1,980 g
Dimensions	570 x 220 x 50 mm

Technische Attribute

Cutting capacity copper cable, multiple-stranded	280 mm ²
Cutting capacity copper cable, multiple-stranded	Ø 38 mm
MCM	550
