Control

The factory production control (FPC) is monitored by an independent inspection body.
Control agreement: 210-11-0240, Inspection body: SP Technical Research Institute of Sweden.

When the building proprietor performs inspection at the building site, he shall check the markings to ensure that the correct products have been supplied and that they are used in accordance with the requirements stated in the approval. He must also check that the product is accompanied by a manufacturing assurance, which certifies that the product has been manufactured in accordance with the documents on which this approval is based.

Manufacturer

Production control includes the following site:
Sormat Plant 10

Marking

Products coated with a corrosion protection according to this approval shall be marked
The marking consists of a label on every packing supplied and includes:

Approval holder	Sormat Oy, Rusko
Manufacturing site	Sormat Plant 10
Boverket's registered trademark	†
Certification body and accreditation number	SP Certifiering 1002
Product type designation	Sormat Nano
Properties	belagd med typgodkänd (tg nr SC0551-16) rostskyddsbeläggning i korrosivitetsklass C4
Date of production	date
Inspection body	SP

Basis for approval

Report PX15376, 5P02943-01 and 6P08102, from SP Technical Research Institute of Sweden.

Comments

Corrosivity category C4 requires an intact corrosion protection after installation.

Period of validity

This approval is valid until 4 January 2022.

The validity of this approval expires when the characteristics included in this approval shall be CE-marked according to the Construction Products Regulation (EU) 305/2011.
